Summary

Specialize in crafting dynamic and user-centric web applications, leveraging MongoDB, Express.js, React, and Node.js. My experience spans the full lifecycle of web development, from designing responsive front-ends to building robust back-end APIs and managing databases. Aspiring for a challenging Career in Software Development as to use my learned skills and experience for best result.

Education

- **Computer Science Engineering| VIT Bhopal University** **CGPA: 7.88| 2023-2027**
- **XII (CBSE) | Brilliant Public School** **68%| 2022**
- **X(CBSE) | Brilliant Public School** **71.6%| 2020**

Skills

Frontend: React.js, HTML5, CSS3, JavaScript, Bootstrap
Backend: Node.js, Express.js
Database: MongoDB, SQL, Mongoose
Tools and Testing: Git, GitHub, VS Code,jest, WebRTC
Deployment: aws,Vercel

Experience

ServiceNow Virtual Internship Program – SmartBridge & ServiceNow May|2026 – Present (Remote)

- Participating in a hands-on virtual internship focused on ServiceNow platform fundamentals, workflow automation, incident management, and platform analytics.
- Gaining practical experience with ServiceNow tools including Visual Task Boards, Service Catalog, Knowledge Management, Workflow Studio, and Platform Analytics.
- Engaging in real-world learning activities and guided sessions to develop enterprise workflow and IT service management skills.

Java Developer Intern – Elevate Labs | June 2025 – July 2025 (Remote)

- Worked on Java development projects involving object-oriented programming, debugging, and application development concepts.
- Collaborated with the development team to enhance coding practices and gain practical experience in software development workflows.
- Strengthened understanding of core Java concepts, application development, and problem-solving through hands-on internship tasks.

Projects

MedSync – Hospital Management System |Link **Nov 2025 – Feb 2026**

- Managed patients, doctors, and appointment scheduling.
- Implemented secure user authentication and RESTful APIs.
- Developed a responsive frontend using React.

EDUCHECK – Education Management System| Link **March 2025 – Sept 2025**

- Built real-time chat and attendance tracking modules.
- Enabled course management for teachers.

Certifications

- **The Bits and Bytes of Computer Networking– Coursera (2025)**
- **Google IT Support Certificate – Google (2026)**
- **Introduction to MERN Stack – Simplilearn (2026)**
